CPR Training

Many of you already know, but member Tim Zauche survived a heart attack on May 25th, thanks to the CPR skills of our local EMS as well as a friend/church member trained in CPR. CPR saves lives, and it would be great to have more people trained in CPR in our community. Thrivent will be providing a meal to make it easier for people to attend a one night – two-hour training in basic CPR. You only need to attend once: CPR Training at the Southwest Health EMS Garage and Training Center, room 15, 1350 Eastside Road, Platteville.

A little note form Pastor Jasmine

Dear Church,
In a time when the HAVES have more and more, and the HAVE NOTS have less and less, and everyone else is being asked to stretch farther financially, I invite you to take a moment to be grateful.

We are blessed, Lutheran Church of Peace.We are blessed with community, and resources of time, talent, and treasure. We are blessed with love, and knowledge, and connections. Even when it doesn't feel like it, we have SO MUCH.

As the pastor here, I am often blessed to meet folks in our community who have nothing. No family. No friends that they could trust or rely on. They're barely making ends meet, and then one day, the rug is pulled out from under them. Their car breaks down, and they're saddled with a big repair bill. If they don't fix the car, they can't get to work. If they do fix the car, they won't have money to pay the rent. They need the car to get to their job so that they can pay their rent so that their lives stay afloat. Often, when one domino falls in this scenario, everything else comes crashing down around, and they are left with a car and a job but no home. Or no car, and no job, but a home…for now.

Take a moment and think about what would happen if you were suddenly saddled with a large bill. Who would you turn to?

Chances are, you can think of multiple institutions and people you could ask for help. Someone in your life might have taught you to plan for this type of scenario, and you had enough resources to do just that.

This year, the Contingency Fund has helped six different people with housing and utilities, three other people with car repairs, and five people with emergency shelter at hotels and in our own building during the January cold snap. These are people who had no one but the church to turn to. No friends, no family, no bank lenders. I am grateful that we had the means to help them. I am grateful that we are blessed to be a blessing to our neighbors in need.

Thank you for all you do to love your neighbors.Tell your family and friends how grateful you are for their presence in your lives. Thank you for being a loving and wonderful presence in mine.

Be well, you are loved,
Pastor Jasmine
